

**Dear Sirs**

Monteveglia 11/07/2017

Dear Customer,

We confirm that our products comply with all the trade's regulations.

We also point out that our products contain none of the substances included in the candidate list according to the EU legislation REACH n°1907/2006 which regulate the production and the dealing of the high concern substances (SVHC - <http://echa.europa.eu/web/guest/candidate-list-table>).

Therefore our company neither produce nor import these substances.

We are requiring to our suppliers of chemicals and raw materials information about their approach to the new regulation and they are confirming the intention of following it or a statement declaring they already comply.

Furthermore, we declare our compliance with the regulations in the annex n°17 (restricted substances list).

Please do not hesitate to contact us if you require any further information

Your faithfully
